## Release of Liability:

It is a privilege to ride a Challenge Charter School bus. Challenge Charter School by State law does not have to provide transportation. Challenge Charter School's Board of Directors requires a release of liability from a parent/guardian in order for a student to ride the school bus: **I do release and give up any claim, demand, or action against Challenge Charter School, and any and all persons employed by Challenge Charter School for events beyond the normal control of Challenge Charter School in delivering transportation services.**

**Optional Drop-off without parent:** Please review the option below carefully to determine if you wish to sign below:  
**The school also requires** that every student be met at the door of the bus each day when the student is dropped off at his or her drop off point, by a parent, guardian, babysitter, etc. If the parent/guardian or their designee will not be meeting the student at the bus stop then you must also sign below for the student to be permitted to get off the bus. NOTE: Any student returned to the school for parent pickup, will be charged the related after-school care fees each and every day that a student is returned to the school campus by a bus driver. If this becomes excessive the student may be removed from the privilege of riding the bus: **I give my permission to have my student released from the bus without a parent, guardian, babysitter, etc. there to receive them.**
